8. From 100 participants onwards, the tournament is decided with a final. The final takes place on Saturday August 29, 2026 at 18:00, after the last playing day. The top 4 in the general ranking, after all qualifying rounds, qualify directly for the final. Furthermore, the 4 highest-ranked players who did not qualify directly of each day are included. This applies to both categories. If no final takes place, the prizes for the final do not apply (see point 18) and the titles are awarded according to ranking.
9. The final is played on one of the 3 patterns from the qualifying round. This pattern is drawn immediately after the last block of the last playing day. After this, the lanes are oiled according to the result of the draw.

15. Lane assignment is done according to registration, starting at lane 26 and going down. Lanes will be changed for each block of 3 games, depending on the capacity. A block of 3 games is played American style.
16. The entire tournament is played with handicap. This handicap will be determined based on the average achieved in the 2025-2026 season (list KBBF, NBF, DBU, ...). Players without an average receive

a handicap based on 3 games drawn from the series of 9 games.

- One draw per playing day for the additional games, these apply to all players without an official average.
- The average of these 3 games is taken (rounded down) and this is used as the basis in the Lexer software to determine a handicap.
